

Board Meeting
June 18-19, 2002

Agenda Item
Attachment 1

To request a Time Extension (TE) or Alternative Diversion Requirement (ADR), please complete and sign this form and return it to your Office of Local Assistance (OLA) representative at the address below, along with any additional information requested by OLA staff. When all documentation has been received, your OLA representative will work with you to prepare for your appearance before the Board. If you have any questions about this process, please call (916) 341-6199 to be connected to your OLA representative.

Mail completed documents to:

California Integrated Waste Management Board
Office of Local Assistance, (MS 25)
1001 I Street
PO Box 4025
Sacramento CA 95812-4025

General Instructions:

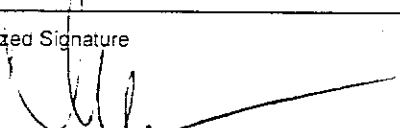

For a Time Extension complete Sections I, II, III-A, IV-A, and V.

For an Alternative Diversion Requirement complete Sections I, II, III-B, IV-B and V.

Section I: Jurisdiction Information and Certification

All respondents must complete this section.

I certify under penalty of perjury that the information in this document is true and correct to the best of my knowledge, and that I am authorized to make this certification on behalf of:

Jurisdiction Name City of Pleasanton		County Alameda	
Authorized Signature 		Title Deputy City Manager	
Type/Print Name of Person Signing Nelson A. Fialho	Date January 18, 2002	Phone (925) 931-5006	
Person Completing This Form (please print or type) Nelson Fialho		Title Deputy City Manager	
Phone (925) 931-5006	E-mail Address nelson.fialho@ci.pleasanton.ca.us	Fax (925) 931-5482	
Mailing Address P.O. Box 520	City Pleasanton	State CA	ZIP Code 94566

Cover Sheet

This cover sheet is to be completed for each Time Extension (TE) or Alternative Diversion Requirement (ADR) requested.

1. Eligibility

Has your jurisdiction filed its Source Reduction and Recycling Element, Household Hazardous Waste Element, and Nondisposal Facility Element with the Board (must have been filed by July 1, 1998 if you are requesting an ADR)?

☐ No. If no, stop; not eligible for a TE or ADR.

☒ Yes. If yes, then eligible for a TE or ADR.

2. Specific Request and Length of Request

Please specify the request desired.

☒ **Time Extension Request**

Specific years requested _2001, 2002, and 2003_____

Is this a second request? ☒ No ☐ Yes Specific years requested. _____
(Note: Requests for an additional extension will need to address why the jurisdiction's efforts to meet the 50% goal by the end of the first extension were not successful.)

☐ **Alternative Diversion Requirement Request (*Not allowed for Regional Agencies*).**

Specific ADR requested _ _____%, for the years _ _____.

Is this a second ADR request? ☐ No ☐ Yes Specific ADR requested _ _____%, for the years _ _____.

(Note: Requests for an additional ADR will need to address why the jurisdiction's efforts to meet 50% by the end of the first ADR period were not successful.)

Note: Extensions may be requested anytime by a jurisdiction, but will only be effective in the years from January 1, 2000 to January 1, 2006. An original request for a TE/ADR may be granted for any period up to three years and subsequent requests for TE/ADR may extend the original request or be based on new circumstances but the total number of years for all requests cannot total more than five years or extend beyond January 1, 2006.

Section IIIA—TIME EXTENSION

Within this section, discuss your jurisdiction's progress in implementing diversion programs that were planned to achieve 50%. Provide any additional information that demonstrates "good faith effort." The CIWMB shall determine your jurisdiction's progress in demonstrating "good faith effort" towards complying with AB 939. Note: The answers to each question should be comprehensive and provide specific details regarding the jurisdiction's situation.

Attach additional sheets if necessary—please reference each response to the appropriate cell number (e.g., IIIA-1).

- 1. Why does your jurisdiction need more time to meet the 50% goal? Describe why SRRE selected programs did not achieve 50% diversion. Identify barriers to meeting the 50% goal and briefly indicate how they will be overcome.**

The City of Pleasanton planned to meet its 50% goal by 2000; however, the City's proposed commercial recycling program faced some significant delays. Specifically, the City's Transfer Station was scheduled for expansion in 1999, but was delayed for 12 months until financing, staff and City Council approval. Now that that construction is underway for the 8,500 square foot addition to the transfer station, completion of the facility will enable the City to implement its commingled commercial recycling program. The program will involve business owners placing refuse and recyclables into a single container. The materials will then be picked up weekly and delivered to the transfer station, where a conveyor belt will be used to remove all recyclable materials from commercial refuse. This program will emulate the current residential recycling program, which has resulted in several thousand tons of material being diverted from landfills since 1990. Full implementation of the program should achieve considerable results, due to the fact that approximately 75% of waste generated in Pleasanton comes directly from the business community.

- 2. Why does your jurisdiction need the amount of time requested? Describe any relevant circumstances in the jurisdiction that contribute to the need for a Time Extension.**

The City has asked for a three-year extension because it will take this amount of time to fully integrate the program into the community. The program will start in late 2001 as a pilot program at the Hacienda Business Park, and then move to the entire business community over a two-year period (2002 and 2003).

- 3. Describe your jurisdiction's Good Faith Efforts to implement the programs in its SRRE.**

Current diversion is 48%. The City has been able to maintain a diversion rate ranging between 43% and 50% over the last 5 years with the following programs:

Residential Curbside Recycling Program -- This mandatory program was implemented in 1990.

Greenwaste Curbside Recycling -- This program was implemented in 1996. Using specifically designated 64 gallon containers, the program provides residents with bi-weekly curbside recycling of yard waste.

Buyback Center -- The City and franchise hauler operate a buyback center at the Transfer Station. The program provides cash in exchange for a variety of materials.

Office Paper Recycling -- The program encourages recycling in the commercial business sector of the community. Pink and grey containers are strategically placed throughout offices to ensure maximum collection of valuable paper fiber.

Public Education -- See attached Brochure that was mailed to residents and businesses recently. The brochure also appears on the City's website.

- 4. Provide any additional relevant information that supports the request.**

No additional information to be provided.

Section IV A—PLAN OF CORRECTION

A Plan of Correction is required by PRC Section 41820(a)(6)(B). The plan is fundamentally a description of the actions the jurisdiction will take to meet the 50% goal by the expiration of the Time Extension.

Attach additional sheets if necessary.

Residential %		16 1/2 %		Non-residential %		8 1/2 %	
PROGRAM TYPE	NEW or EXPAND	DESCRIPTION OF PROGRAM	FUNDING SOURCE	DATE FULLY COMPLETED	ESTIMATED PERCENT DIVERSION		
Please use the Board's Program Types. The Program Glossary is online at: www.ciwmb.ca.gov/LGCentral/PARIS/Codes/Reduce.htm							
Commerical Recycling	Expand	The program will involve business owners placing refuse and recyclables into a single container. The materials will then be picked-up weekly and delivered to the tansfer station, where a conveyor belt will be used to remove all recyclable materials from commerical refuse. This program will emulate the current residential recycling program, which has resulted in several thousand tons of material being diverted from landfills since 1990. Full implementation of the program should achieve considerable results, due to the fact that approximately 75% of waste generated in Pleasanton comes directly from the business community.	Franchise Hauler Fees	12/2003	10%		
Total Estimated Diversion Percent From New and/or Expanded Programs					10%		
Current Diversion Rate Percent From Latest Annual Report					48%		
Total Planned Diversion Percent Estimated					58%		

Section V – PARIS

Office of Local Assistance staff will be reviewing your Jurisdiction's Planning Annual Report Information System (PARIS) database printout as part of the evaluation of your request. Should the Jurisdiction have updates or revisions to the program implementation from the latest Annual Report submitted to the Board, please attach to the application the Jurisdiction's PARIS database printout showing updates or revisions.

Contact your Office of Local Assistance Representative at (916) 341-6199 for a copy of PARIS, or go to the Board's website at www.ciwmb.ca.gov/LGCentral/PARIS/.
